PILOTS NOTES

There is just something iconic about the Ace Combat series; especially the characters that it has given birth too, and their colour schemes. As a late comer to the world of Strangereal, I am still finding my way in the universe.

The F-14 is by far one of my favourite aircraft of all time. So getting a chance to recreate some iconic liveries from a universe I am loving inside another platform I hold dear is pretty damn cool. This project has allowed me to experiment with a few new techniques and ways to offer more to those who enjoy flying in formations. A sky full of Osean Tomcats... now THAT is something I would love to see!

Thank you for supporting my work and keep an eye out on my website and my Facebook page for any updates to this product and the future releases.

I hope you enjoy this aircraft and would love to see it in action! Join fellow aviators in our community [Discord](#) and share your thoughts and experiences there!

ABOUT THE ARTIST

I have been around aviation for longer than I care to remember. Whilst my own professional piloting dreams were crushed through medical restrictions, instead I have found ways to become active in the aviation world, both real and virtual. I currently work in the training space, providing training solutions and content to the Aviation and Defence sectors while simultaneously working with a range of high-quality developers across the home user market.

I first started experimenting with creating textures for HAWX following many years building plastic scale models. From very humble and basic beginnings, I have slowly grown my skills and content. I have created texture sets for all the major flight simulation platforms, as well as arcade style titles and professional training software for over a decade. My content can be found in virtual hangars all around the world as well as supplying content to professional training organizations and add-on developers.

As well as uploading freeware content, I have a range of content available for sale and I am available for commission work. My Commission status and rates are generally available in my Community [Discord](#). Head over to my [website](#), [GumRoad](#) store to check out my other work; or reach out and get in touch if you have a specific project in mind.

NOVAWING24

NOVEMBER 21

*Amidst the eternal waves of time
From a ripple of change shall the storm rise
Out of the abyss peer the eyes of a demon
Behold the Razgriz, its wings of black sheath*

*The demon soars through dark skies
Fear and death trail its shadow beneath
Until men united wield a hallowed sabre
In final reckoning, the beast is slain*

*As the demon sleeps, man turns on man
His own blood and madness soon cover the earth
From the depths of despair awaken the Razgriz
Its raven wings ablaze in majestic light*
