ABOUT

The Empire Test Pilots' School has a long and proud history of training those that redefine the limits of what is possible.

Established in 1943 with the aim to provide suitable trained pilots for aeronautical research and development establishments, the institution was the first of its kind.

ETPS is now run as a joint partnership between the UK Ministry of Defence and QinetiQ at MOD Boscombe Down.

ETPS operates two Avro RJ's as flying classrooms for Flight Test Engineer students. This pack depicts both airframes as they appeared c2017.

PILOT'S NOTES

The history of aviation is full of challenges, of triumphs and tragedies. The concept of a school for those who push the limits of what is possible seems both logical and absurd.

I grew up loving the Raspberry Ripple colour schemes worn by ETPS aircraft years ago, so this unit has always been of interest to me.

ABOUT THE ARTIST

I have been around aviation for longer than I care to remember. Whilst my own professional piloting dreams were crushed through medical restrictions, instead I have found ways to become active in the aviation world, both real and virtual. I currently work in the training space, providing training solutions and content to the Aviation and Defence sectors while simultaneously working with a range of high-quality developers across the home user market.

I first started experimenting with creating textures for HAWX following many years building plastic scale models. From very humble and basic beginnings, I have slowly grown my skills and content. I have created texture sets for all the major flight simulation platforms, as well as arcade style titles and professional training software for over a decade. My content can be found in virtual hangars all around the world as well as supplying content to professional training organizations and add-on developers.

As well as uploading freeware content, I have a range of content available for sale and I am available for commission work. My Commission status and rates are generally available in my Community [Discord](#). Head over to my [website](#), [GumRoad](#) store to check out my other work; or reach out and get in touch if you have a specific project in mind.

It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.

~ Theodore Roosevelt
