ABOUT

The F-4 Phantom is an aircraft of legend. It has served many nations throughout its life, and continues to fly to this day.

While not considered by many to be an aerobatic aircraft, it has a bit of a unique history in that it served simultaneously with both the United States Air Force and United States Navy aerial demonstration teams for a number of years.

The Blue Angels flew the F-4J Phantom II from 1969 to 1973, while the Thunderbirds flew the F-4E Phantom II during the same period.

This pack serves as an expansion to the default Blue Angel and Thunderbird liveries that ship with DC Designs Phantom package, by completing the

ABOUT (CON'T)

teams for their respective years.

The Blue Angels team is represented from the first season in 1969, while the Thunderbirds aircraft are from the 1972 season.

A unique quirk of both of the teams while flying the Phantom was the discolouration that happened to the Number 4 jet of each team. Due to its position in the various formations that the teams flew, this aircraft received a significant amount of the notoriously dirty exhaust trails of the Phantom. This resulted in some significant discolouration of the tails of these jets! This is represented in this pack, and while some reports state that

the USAF simply painted the tail of the Number 4 jet black, if you look closely at references, it is actually not a solid block of colour and you can just make out the markings underneath!

However, for those who prefer a more “clean” look, I have included this aircraft in its ideal clean state as well!

PILOTS NOTES

This was an interesting pack to make, and something that I wanted to do to expand the base package from DC Designs.

Formation flying is a fascinating art form, having known many real and virtual aviators that perform these feats of precision flying, I am always amazed by their dedication and skill. To go along with that, I wanted to provide a pack worthy of their skills and abilities!

Thank you for supporting my work and keep an eye out on my website and my Facebook page for any updates to this product and the future releases.

I hope you enjoy this aircraft and would love to see it in action! Join fellow aviators in our community [Discord](#) and share your thoughts and experiences there!

ABOUT THE ARTIST

I have been around aviation for longer than I care to remember. Whilst my own professional piloting dreams were crushed through medical restrictions, instead I have found ways to become active in the aviation world, both real and virtual. I currently work in the training space, providing training solutions and content to the Aviation and Defence sectors while simultaneously working with a range of high-quality developers across the home user market.

I first started experimenting with creating textures for HAWX following many years building plastic scale models. From very humble and basic beginnings, I have slowly grown my skills and content. I have created texture sets for all the major flight simulation platforms, as well as arcade style titles and professional training software for over a decade. My content can be found in virtual hangars all around the world as well as supplying content to professional training organizations and add-on developers.

As well as uploading freeware content, I have a range of content available for sale and I am available for commission work. My Commission status and rates are generally available in my Community [Discord](#). Head over to my [website](#) or [GumRoad](#) store to check out my other work; or reach out and get in touch if you have a specific project in mind.

NOVAWING24

It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better.

The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.
