7. You agree not to, nor will you permit others to licence, sell, rent, lease, assign, distribute, host, outsource, disclose, or otherwise commercially exploit this content nor make it available to any third party.
8. Ignorance of this document or of its interpretation is not sufficient grounds for exception to it and its legality.
9. Any breach of the outlined terms of this agreement will result in revocation of your authority to use the package and its contents. It will also make you liable for compensation to be paid to the author for the breach(s).
10. The Author reserves the right, at their sole discretion, to modify or replace this Agreement at any time. If a revision is material, we will provide at least 14 days’ notice prior to any new terms taking effect. What constitutes a material change will be determined at our sole discretion.

# ABOUT

The F-4 Phantom is an aircraft of legend. It has served many nations throughout its life, and continues to fly to this day.

While serving with distinction on the frontlines in many conflicts, the Phantom was also a stalwart in the world of testing and evaluation.

This pack brings to life a number of schemes worn throughout its varied career as a test aircraft in the US and the UK.

- YF-4E 65-0713 USAF, Edwards AFB. This aircraft was the aircraft flown by Chuck Yeager during his final active duty flight on 25 February 1975.

## ABOUT (CON'T)

- NF-4E 66-0319 USAF, Edwards AFB, 1985. This aircraft served as part of the test and evaluation team during the development of Air Launched Cruise Missiles.

- F-4J 153852 USN, NAS Patuxent River, 1979. This aircraft served with the Naval Air Test Centre evaluating new weapons and tactics for use with the US Navy and Marine Corps

- F-4S(J) 157286 USN, USS Nimitz, 1979. This aircraft was converted from an F-4J into the prototype of the F-4S. It also would appear in the movie "The Final Countdown" in 1979

- FGR.1 XT597 A&AEE, Boscombe Down 1990. (Due to model limitations, this rendition of the aircraft includes the fin mounted RWR housing)

# PILOTS NOTES

It's not always about the front line. There is always someone whose role it is to test out new techniques and technologies before they are introduced, or ruled out.

The F-4 Phantom is a stable and venerable workhorse, so it is no wonder that it played a significant role in test and evaluation of many technologies and techniques throughout its life. This pack recreates some of those airframes that served in this role around the world.

Thank you for supporting my work and keep an eye out on my website and my Facebook page for any updates to this product and of future releases.

I hope you enjoy this aircraft and would love to see it in action! Join fellow aviators in our community [Discord](#) and share your thoughts and experiences there!

# ABOUT THE ARTIST

I have been around aviation for longer than I care to remember. Whilst my own professional piloting dreams were crushed through medical restrictions, instead I have found ways to become active in the aviation world, both real and virtual. I currently work in the training space, providing training solutions and content to the Aviation and Defence sectors while simultaneously working with a range of high-quality developers across the home user market.

I first started experimenting with creating textures for HAWX following many years building plastic scale models. From very humble and basic beginnings, I have slowly grown my skills and content. I have created texture sets for all the major flight simulation platforms, as well as arcade style titles and professional training software for over a decade. My content can be found in virtual hangars all around the world as well as supplying content to professional training organizations and add-on developers.

As well as uploading freeware content, I have a range of content available for sale and I am available for commission work. My Commission status and rates are generally available in my Community [Discord](#). Head over to my [website](#) or [GumRoad](#) store to check out my other work; or reach out and get in touch if you have a specific project in mind.

NOVAWING24

*It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better.*

*The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.*

*~ Theodore Roosevelt*
